RETURNED VETERANS

Organization meeting of Great War Veterans' Association Saturday night, May 17th, at 8 o'clock sharp, at Acadia Hotel, Chinook.

Breezelets

"Who won the war?" asks a correspondent in the Calgary Herald.

Well, that all depends upon which country you are from, don'tcher know!

British airmen are waiting for full moon before making their trip across the Atlantic.

The "full moon" still has a subtle influence over some people it seems.

Dutch press is not favorable to the peace treaty.

The Dutch will "get in Dutch" if they try to start any rumpus.

German people are kicking up a row over the peace terms.

When the Germans sank the Lusitana they rejoiced—while the "Allies" kicked up a row.

The Allies are doing the rejoicing atant now. "He laughs best who laughs last."

Hohenzollern is quite excited when fold the news that the former German emperor must come to trial.

However they will have plenty of room to get over their excitement on the Island of St. Helena

"Even the price of silver ascends," says a news heading.

But its purchasing power can't tumble down quicker enough when buy anything.

"Who is financing the One Big Union?" asks the Calgary Herald.

No one. Its agitators are working for nothing.

The German Chancellor Scheidman refers to the peace treaty as a dreadful and murderous volume

Wonder if the Chancellor remembers the German treaty she handed out to Russia, or the one she proposed to hand out to poor Belgium—and the one she had ready for the Allies?

"Oil industry's revival on some scale impends," says a news item.

Reviving that old bogey! No, that reconstruction scheme won't work worth a cent.

Germany wants to climb out signing the peace treaty—but she's got no ladder to climb out on.

TOWNS JUDGED BY THEIR APPEARANCE

In another column will be found a final notice from the village council re cleaning up ashes &c., and all of us—for health and appearance sake—fall in line and do our share to comply with the council's request. The following article is appropriate just here:

We are fast becoming a nation of travellers largely by reason of the innovation of the automobile. We travel with ease and comfort along roads never dreamt of, leading us through cities, towns, villages that we hardly knew existed, and how often we find ourselves, as we pass through a town of a village, judging as to the character and standing of its people.

When you find the homes well painted, in color and harmony with their environments, you find an intelligent and prosperous people, the children "well fed and well clad," a feeling of substantial solidarity permeating the entire community and impressing itself upon the traveller who journeys on, feeling the better by coming in contact with that which leaves a pleasing memory. These conditions certainly create a civic as well as a personal asset of value.

How different is your feeling when approaching, and passing through a town or village where the homes show the lack and need of painting, the invariable result being decay and disintegration of that which might have been a substantial asset against the day of necessity. The impression formed is that of pity, if not disgust, that any individual or community should show such abject neglect of the value of preserving and beautifying that which they have permitted to advertise themselves as lacking in all principles of economy.

There is no better index of the character and solidarity of an individual or community than the condition of his and their properties. It shows thrift or lack of it, and where thrift abides and is practiced there you will find intelligence and prosperity.

Which picture do we wish Chinook to look like?

GO TO SUNDAY SCHOOL

Our provincial government has seen fit to issue a proclamation calling upon all people in the province on May 25th to attend some Sunday school session that day. The various denominations have joined their forces in this work and thus present a united front. Only one in ten in the province attend Sunday school now. Why not all turn out that day? Here is an opportunity for the whole province to unite in common good, and there is no reason why there should not be many successful gatherings.

CHILMARK'S FIRE-MARKS

Do you know Ray Whaley from Chilmark way?

Well, he started a fire, so they say Ray was up at five that morn, He got his razor and pared his corn.

Dunkerson, who lives not faraway Happened to be there and saw the fray.

It happened like this: The fire he started, It wouldn't burn, so out he darted And in with a can of coal oil he came.

And tried to pour some of it on the flame. The flame went up to the spout, oh, yay!

The can did burst and knocks down Ray.

His clothing took fire and the shack took, too.

And Ray left on the run for the slough;

He shouted as down to the slough he STROLLED, And laid down in the mud and rolled.

Dunkerson, who was then at the barn,

Heard the shout; looked, and said "Gosh, darn!

There's Ray's shack all in flames, Now I wonder who he blames."

But Ray just laughed, and said, "Twas me.

I'm a big fool, as you can see, To start a fire in less than a minute

With a kerosene can with four gallons in it.

I've lost all my hard earned riches and pelf;

If I hadn't run I'd have been dead myself.

I've lost two guns and clothing, with

Sixty dollars in groceries and other things, too,

And if I hadn't friends to borrow from this summer,

I'll leave my ranch and be a bum.

But let this be a lesson, all you Chilmark folks,

And don't think of using coal oil when the fire chokes—

Unless you want to try my way of cleaning house

As I did that day.

House-cleaning was long and tiresome,

While my way is quick and fire-some.

But while my new way to clean house is a good plan,

For I just found out there's nothing in it

To try, and make a fire go in less than a minute."

AWGWAN

Oscar Johnson, Alberta rancher commits suicide. Five children, from twelve months to nine years old, left. "Had-been drinking"—these three words tells the sad and tragic story.

Get a bottle of Tanlac at the Chinook drug store.

ANNUAL MEETING OF S. S.

The annual meeting of the Chinook Sunday school was held in the church on Monday evening, the Rev. G. H. Elliott, pastor, presiding. Very encouraging reports were read, all the departments being well sustained. Between 60 and 70 names were enrolled on the register. The following officers were elected for the ensuing year: J. W. Yake, superintendent; C. W. Ridsout, assist. supt.; R. Clark, sec.-treas.; Miss M. E. Rogers, organist. Teaching staff: Mrs. Mitchell, Mrs. Ridsout, Miss Johnson, Miss Rogers, Miss S. Fowler, School Inspector Mitchell and Mr. Foster.

ON A VACATION

Dr. R. R. Paul left on Sunday morning for Ontario on a well-earned vacation, to be gone some six weeks. It is a well known fact that during the Spanish influenza epidemic Chinook had the unique record of not losing one patient—a record, we believe not equalled in Alberta. Chinook was signally fortunate in having Dr. Paul as doctor at that critical period, who handled the cases quietly and so successfully, and with a good staff of nurses who faithfully carried out the doctor's instructions, Chinook made an enviable name for itself. On his return the Doctor will be accompanied by Mrs. Paul and their infant daughter, and it is their intention to make Chinook their future home. Their many friends will welcome them back.

KEY AND ABEY

Mr. Bud Schaffer will present his funny musical farce, "Key and Abey," at Arm's hall, Chinook, on Monday, May 19th.

This is one of the funniest shows on the road this season, and is playing to packed houses every night. It is the epitome of all that is clean and refined, No jest or action, no scene or situation that even remotely borders on the vulgar or suggestive is tolerated.

"Key and Abey" is composed of a company of clever comedians, all of the latest musical and song hits and sung by the company; and there is also the famous "Key and Abey" brass band and quartette.

One of the most enjoyable evenings of your life will be next Monday evening if you attend "Key and Abey."

Calgary Herald: We have the horseless carriage, the wireless telephone, the spineless cactus and a variety of other "less" inventions and discoveries, but no genius has yet produced a crow-less rooster.

EDITORIAL

The Value of True Manhood

If any one thing was demonstrated by the Great War over all other things it was value of the individual all-round, young man, that is, the man who was developed and fit physically, morally, intellectually. In saying this it is not to be assumed that the man who was lacking in physical strength and development, or had not enjoyed the advantages of education, or, indeed, the man who was not as sound morally as he ought to have been, did not do his duty, do it well, and accomplish great things. Thousands of such men played a noble and glorious part, but many other thousands were rejected by army doctors from the opportunity of active service, and many thousands more or less illiterate men were not able to command the responsible positions which otherwise might have been entrusted to them. The all-round man had the better chance. He may have been no braver, or keener, or patriotic than others, but he had the equipment of an all-round manhood to do things, and he was entrusted with the doing, and he did it.

Just as the war called for the services of such men, so does the many and varied problems now to be faced call, and possibly even more imperatively, for men of the all-round type of manhood. The war has taught us, through the disclosures of the army medical boards, the necessity of further safeguarding the health of the people, and Governments everywhere are devoting attention to the subject. In the army emphasis was laid on the fact that the educated man was a better soldier than the uneducated one, so the army conducted schools to teach illiterate men to read and write. The effect of a man's moral standards on his character soon displayed itself. The cumulative effect has been to impress on the nations certain facts and important lessons which, in the general industrial and commercial race after the dollar before the war, people were largely ignoring.

Before the war there was one great organization which had not lost sight of the importance of developing the all-round man, a man strong in spirit, mind and body. During the war such an organization inevitably came into greater prominence and found open to it a still greater field of activity and usefulness. The reference is to the Y.M.C.A. But whereas prior to the war its energies were largely confined to the cities and larger towns, the necessity for the expansion of its work to the smaller towns, villages and country parts is now seen, with the result that a Town and Country Work department has been created by the National Y.M.C.A. Council of Canada, and a plan of organization outlined for carrying on such work.

There is now being inaugurated in the country and smaller towns and villages lacking Association buildings and equipment, Y.M.C.A. work on a plan of county or district organization. These smaller communities are incapable individually of maintaining an adequate Association organization. The expense involved imposes too severe a financial burden, while at the same time it is impossible to adapt many of the general or larger city methods to these smaller communities. There are, nevertheless, in practically every community, no matter how small, certain prominent men, a group of willing workers, and a fair amount of available money for any good work. Combining these resources in a number of communities located within reasonably accessible distance of each other, and binding the groups of workers in each community into an Association brotherhood and pooling their financial resources, provides the way for efficient administration and the employment of an expert secretary to train, direct and supervise volunteer leaders at each point within the district organization.

Such a plan is worthy of the sympathetic and enthusiastic support of the people of Western Canada. The real strength and spirit of a community does not consist in what it receives from outside, but that which it develops within itself. The plan of organization outlined for this Town and Country Work will not provide the substantial buildings, gymnasiums, and other equipment to be found in cities, but too many people in these days make the mistake of wanting things to be done for them, instead of doing for themselves. What is done for men—and for communities as well—is apt to weaken them; what they do for themselves is sure to strengthen them. The old Bible saying is still true—it is more blessed to give than to receive.

It is also true that there is a task for every man and boy in every community and a boy or man for every task in every community. The maximum benefit is derived by man or boy and by the community when within the community these men, boys and tasks are brought together and an earnest effort made by the development of the abilities of the former to eliminate waste and render service.

The Y.M.C.A. aims to enlist the talent now lying latent throughout our smaller towns, villages and rural districts in the work of developing all-round boys and men in these communities, boys and men who will become the future leaders of this great Canadian commonwealth.

Defaulters' Penalty
Ottawa. — Hon. Arthur Meighen, acting minister of justice, gave formal notice of his intention to introduce a bill respecting the disqualification of male defaulters. Defaulters will be disqualified for a period to be announced by Mr. Meighen when he introduces the bill.

Miller's Worm Powders are sweet and palatable to children, who show no hesitancy in taking them. They will certainly bring all worm troubles to an end. They are a strengthening and stimulating medicine, correcting the disorders of digestion that the worms cause and imparting a healthy tone to the system most beneficial to development.

Died in Fight for Food

London. — There have been serious food riots at Stalsund, Pomerania, says an Exchange Telegraph company dispatch from Berlin. Troops were summoned and several were killed and wounded.

Flume Question Settled

London. — According to a dispatch to the Exchange Telegraph company from Paris, the question regarding Flume has been settled. Full agreement with the Italian government on the basis that Flume shall remain an autonomous port for two years, when it will be assigned to Italy.

Now Well and Strong as Ever

After a Year of Great Suffering from Kidney Disease and Lame "Back—Two Interesting Letters

Lindale, Alta., May 19. — It is only after sickness that one properly appreciates health. The writers of these letters show how they appreciate the means whereby health was regained, and recommend the use of Dr. Chase's Kidney-Liver Pills to others.

If kidney disease is to be cured it must be taken in hand early, and that is why the warning given by backache, headache and urinary derangements should be heeded and treatment begun at once.

Mr. C. E. Raynolds, Lindale, Alta., writes: "I was a great sufferer from kidney disease and lame back more than a year. A friend of mine one day told me of Dr. Chase's Kidney-Liver Pills, and, acting upon his advice, I tried them. After I had taken one box I felt better, so I continued until I had used five boxes. By this time I felt as well and strong as ever, and am glad to recommend Dr. Chase's Kidney-Liver Pills to anyone suffering as I did."

"I know Mr. C. E. Raynolds, and believe his statement in regard to Dr. Chase's Kidney-Liver Pills to be true and correct," John Torbett, Postmaster.

Mr. Thomas Austin, Earl Grey, Sask., writes: "I wish to let you know what Dr. Chase's Kidney-Liver Pills did for me. Last summer my back ached so much, that I not only could not sleep at night, but could not lie in comfort in bed. I tried several remedies, and finally sent for three boxes of Dr. Chase's Kidney-Liver Pills, which were quite cured by the time I had used one box. I always recommend these Pills to anyone suffering the same as I did, as I am satisfied and thankful that they cured me."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute or imitation. The portrait and signature of A. W. Chase, M.D., are on every box of the genuine.

Peace Treaty Will Protect Europe

Prevents an Alliance With the Russian Bolsheviks
Paris. — The territorial status of Germany as definitely settled by the council of three, says Mafel Vivin, in the Echo de Paris, will in the view of the council protect the general security of Europe. The chapter in which these decisions are incorporated, he adds, puts an effective veto on the "Drang Nach Osten" movement which the Germans desire to pursue, prevents an alliance with the Russian Bolsheviks and forbids the incorporation in Germany of German-Austria.

As regards German-Austria, Mr. Hutin says that his peace delegates will certainly be called to Paris and Austria will be made a neutral republic under the aegis of the league of nations with the prohibition that she shall not ally or incorporate herself with Germany.

The council of three, Mr. Hutin declares, also adopted a chapter in the peace treaty defining the status of Alsace and Lorraine which are given absolutely to France.

The outline of the new frontiers of Germany were presented to the council in a report by the special commission composed of Viscount Morley, representing Great Britain; Captain Andre Tardieu for France; and Professor Charles H. Haskins, on behalf of the United States.

ARE YOUR FEET CALLOUSED?
Easy to remove lumps by applying Putnam's Corn and Wart Extractor. This purely vegetable remedy acts painlessly and is guaranteed. Insist on "Putnam's" only. 25c per bottle.

Applications For Loans
Regina, Sask. — Soldier land seekers are coming to northern Saskatchewan in great numbers, so much so that the soldier settlement board has found it necessary to reorganize the methods of conducting affairs at Prince Albert, and has placed a permanent board in charge, responsible direct to the commissioners at Ottawa. A staff of eleven persons are engaged. A permanent board under the soldier settlement scheme has also been appointed at Saskatoon. Seven inspectors are at work on applications for loans.

Japan is supplying the South African railways with cotton canvas for the manufacture of tarpaulins.

Many a man lives a cat-and-dog life. He purrs in the parlor and barks in the kitchen.

"It's Nice to Get Up in the Morning—But It's Nicer to Lay in Bed!"

Increase in Stock Receipts

Edmonton, Alta. — Receipts at the stock yards during the month of March included 2,833 cattle, as compared with 1,408 for the same month last year, and this did not include 588 calves, which was more than double the number of last year also. Hog receipts for March, 1919, were way down, the figures showing 3,729, as compared with 4,676 last year in March. Sheep receipts were 2,410 for March, 1919, as compared with 11 the year previous, and horses passing through the yards this year were 534, as compared with 203 last year for the same month. The cattle receipts for Edmonton this year to date show a wonderful increase, considerably more than doubling last year's figures for the same period. The figures for this year are 12,917 cattle, as compared with 5,248 last year. These totals include 1,234 calves this year and 720 last. Receipts of hogs for the same period show a decrease from 12,375 last year to 10,411 this year. Sheep receipts to date this year are 8,949, compared to 153 in 1918, and horse receipts at 1,272, are nearly four times the receipts of last year for the same period.

Heart Palpitated Could Count Every Beat

When the heart begins to palpitate, it will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come. Sleep is disturbed, the mind is accompanied by weak, fainting and dizzy spells.

When the heart gets into this condition, you become weak, worn and unable to do your work. You are unable to either social, business or household duties.

Millburn's Heart and Nerve Pills will give prompt and permanent relief to all sufferers from any heart weakness or nerve derangements. Mrs. Walter Greives, Appleton, Ont., writes: "I had been run down, and doctors told me I was anemic, but did not help me with their medicines. I could not sleep nights, my heart palpitated so, and I could count every beat."

"I used to have such dizzy spells I would have to go to bed. I was not able to do any work for eight months. A cousin of mine had taken Millburn's Heart and Nerve Pills and told me what they had done for her. I took eight boxes of them, and now I am able to help every day with the work I am so thankful to tell others what they have done for me, so that they may try this great and wonderful remedy. I hope this may prove good to some one who is suffering the way I did."

Millburn's Heart and Nerve Pills are sold at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

Says German Militarism Broken
Coblenz. — "German militarism has been broken forever," is a statement attributed to Field Marshal von Hindenburg, reports of whose resignation have been received here, General Groener, former head of the department of munitions, and who has been the field marshal's chief successor, according to news received here from Kolberg.

Minard's Liniment used by Physicians.
Duich and Judy shows originated in Italy during the 17th century; and were probably introduced into England in the reign of Charles II.

An Oil That Is Famous.—Though Canada was not the birthplace of Dr. Thomas' Electric Oil, it is the home of that famous compound. From here its good name was spread to Central and South America, the West Indies, Australia and New Zealand. That is far added enough to attest its excellence, for in all these countries it is on sale and in demand.

There is no limit to the age at which a man can make a fool of himself.

W. N. U. 1263

Bombard Allied Positions

Archangel. — The Bolsheviks continue the bombardment of the allied positions on the upper Dvina, apparently in the hope of driving the allies out before the allied gunboats can reach the scene. In the meantime, the gunboats are fighting their way up stream through a river filled with ice and it will be several days before they can reach the vicinity of Berezik.

Must Sign or Be Isolated

Paris. — The complete economic isolation of Germany is being considered by the council of foreign ministers of the peace conference as a measure to be adopted in the event that Germany refuses to sign the peace treaty.

The plan for the measure was submitted to the ministers of the supreme economic council.

IS THERE A BABY IN YOUR HOME?

Is there a baby or young children in your home? If there is you should not let up on colds and simple fevers—in fact they relieve all the minor ills of little ones. Concerning them Mrs. Moise Cadotte, Makinuk, Ont., writes: "Baby's Own Tablets are the ideal home remedy. They regulate the bowels; sweeten the stomach; banish constipation and induce sleep; break up colds and simple fevers—in fact they relieve all the minor ills of little ones. Concerning them Mrs. Moise Cadotte, Makinuk, Ont., writes: "Baby's Own Tablets are the best remedy in the world for little ones. My baby suffered terribly from indigestion and vomiting, but the Tablets soon set her right and now she is a perfect health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Myrtle—Yes, he had the audacity to kiss me.

Myrtle's Mother—Of course, you were very indignant.

Myrtle—Yes, mother, every time.—Pearson's Weekly.

Corns cause much suffering, but Holloway's Corn Cure offers a speedy, sure, and satisfactory relief.

Moisture Down 24 Inches

Calgary, Alta. — In its second crop report the Lethbridge Herald said the moisture conditions east and southeast, in what last year was a very dry belt, are most favorable, moisture being reported down 18 to 24 inches in the soil, and farther in summer fallow. Breeding conditions are ideal. Along the Aldersley line the land is working up in good condition, but the reserve supply of moisture is small. From Macleod west and north moisture conditions are practically normal for this time of year.

Minard's Liniment Lumberman's Friend.

Cheering Information
Man in skin—Here, be a bit more careful with that razor, that's the second time you've cut me.

Barber—Well, well, so it is; but there I always deduct a cent for every cut. Why, it's nothing for a man to go out of here having won a dime off me.—Boston Transcript.

Will Not Discuss Terms With Huns

Paris. — The allies can admit of no discussion of their right to insist upon the terms of the peace treaty substantially as drafted.

This is the reply to Count von Brockdorff-Rantzau, head of the German peace delegation, who submitted a note to Premier Clemenceau, declaring that the peace treaty contains demands which could be borne by no people, and many of them incapable of accomplishment.

Count von Brockdorff-Rantzau has also been informed, in answer to his complaint, that Germany was asked to sign the allied plan for a league of nations, although not among the states invited to enter it, that the admission of additional member states has not been overlooked, but has been explicitly provided for in the second paragraph of article I of the covenant.

Berlin. — The German peace delegation is expected to reply to the entente's terms before the expiration of the time limit, according to opinion expressed here. The form of the reply has not yet been decided upon, but, according to a Berlin news agency, it will declare the treaty in violation of President Wilson's fourteen points as regards self-determination and economic freedom.

The German peace delegation declares in letters sent to the allied and associated powers, that on essential points, the basis of the peace of right, agreed between the belligerents, has been abandoned.

Revolution in Korea

Most Remarkable Example of Passive Resistance in World's History

Washington. — Dr. Syngman Rhee, who styles himself "Secretary of state of the provisional government of Korea," in an address here before the national popular government league, declared that "the revolutionary uprising in Korea is the most remarkable example of passive resistance in the world's history." Japan's great claim to possession of Korea, he said, is the "pressure of population." He continued:

"Japan has been declaring repeatedly that she needed Korea for her surplus people. What about Koreans? Though Korea is just as thickly populated as Japan, this makes slight difference to the imperialistic ambitions of Japanese statesmen. They say they want an outlet for their emigrants, and they declare 'Korea is an easy victim,' and they send to our country for colonization purposes their lowest coolie class."

Japanese Fix Indemnity Claim

On Account of Destruction of Tonnage During War

Washington. — Japan's claim for indemnity from Germany on account of the destruction of Japanese tonnage during the war will amount to not less than \$175,000,000, according to advices from Tokio. The Japanese steamers actually sunk number 26, totalling 110,451 tons and in addition, five vessels of 17,964 tons are regarded as having been sunk by German craft, although there is no conclusive proof. In the aggregate, these vessels number 31, totalling 128,415 tons. The amount of damages desired for loss of tonnage does not include personal damages due to the loss of lives.

Provincial Premiers to Meet

Ottawa. — A conference of provincial premiers (Liberal) or their representatives, has been called to be held in Ottawa on May 17, to consider with the leader of the opposition, the chief whip and the opposition committee the details of national convention to be held here on August 5, 6 and 7.

Hard Terms Do Not Indemnify the Allies

Brussels. — Some of the Belgian newspapers point out that Germany, by admitting defeat, must submit to the consequences. Etienne Bege is of the opinion that the hard terms do not even indemnify the allies for their losses. — The newspaper expresses surprise that the proposed stipulation regarding British and united support of France in case of attack was not also made for the benefit of Belgium.

The Independent Bege says that it

To Surrender Former Kaiser

Allies Have Already Demanded Extradition of Ex-Kaiser from Dutch Government

London. — The Dutch government has decided to surrender the former German emperor to the allied and associated powers, according to a dispatch from The Hague to the National News.

Paris. — The Times publishes a note from the Dutch legation at Paris, declaring that the demand for the extradition of the former German emperor has reached Holland.

Government Should Aid In Exporting Grain Crop

H. W. Wood Says That Failure Would Be Crime Against People

Calgary. — Unless an early date adequate steps are taken by the Dominion government to assist in financing the export of the grain crop of 1919, Canada will be confronted with the greatest conceivable disaster, is the opinion of H. W. Wood, president of the United Farmers of Alberta. "If present prospects are fulfilled," said he, "the harvest of the present season will be the greatest in our history, and exactly for this reason it is our duty and it is of the utmost importance that steps should be taken to insure that it shall find an outlet."

"I can conceive of no more serious crime against the people of this country than for the authorities to fail to take the necessary steps. 'Perhaps,' said he, 'the government has a plan, but if so, I certainly have heard nothing of it, and it is of the utmost importance that the farmers should be reassured in this matter. The vital interests, not only of the farmers, but of the whole community, are bound up in agriculture.'"

Ammunition Depot Explodes

Many Killed and Country South of Brussels Devastated

Brussels. — A depot of German ammunition containing shells and bombs of every calibre and many gas shells has been exploding at the railway station at Groendael, six miles south of Brussels, where Canadian troops were inspected by King Albert eight days ago. The depot has been under guard of 150 Belgian soldiers, and six hundred German prisoners have been at work near it. It is believed there are many killed and wounded, but the number of victims will not be known for several days.

Many houses in the neighborhood have completely collapsed and windows and roofs for two miles around the scene of the explosion have been shattered. This is especially the case at Hoeyleart and neighboring towns where there are thousands of bomb houses. The movement of trains over the Namur Luxembourg line has been interrupted. It is reported that while workmen were unloading a wagon filled with shells a detonator exploded in the hands of a German prisoner, setting fire to the ammunition boxes. After the explosion the German prisoners broke the barbed wire cordon surrounding the camp and fled in all directions through the woods. Only 150 have been arrested since. The Belgian guards at the depot succeeded in escaping in safety. The explosions were clearly heard in Brussels.

Paris. — Paul Hymans, the Belgian foreign minister, left Brussels in an airplane at one o'clock and reached here at two p.m., in time to attend the plenary session of the peace conference.

It is impossible for Germany to offer further resistance or to refuse equitable reparation. — The Socialist newspaper, *Peuple*, says:

"Regarding the revision of the treaty of 1839, it is desirable that the allies apply, as soon as possible, to the real league of nations instead of finding herself at the benevolent discretion of the three nations," and considers that the distinction between the principal powers and the others should be removed.

Summary of Peace Pact

Germany is deprived of her fleet. Her army is cut to small size. Military aspirations are prohibited.

Economic restrictions are laid down so that she can pay indemnities. She cannot strangle competition in trade.

Saar basin coal output goes to France for years.

She must make restitution for damage to France, Belgium and other countries.

Heligoland must be demolished.

Kiel Canal must be freed.

Alsace-Lorraine will be returned.

Ex-Kaiser Wilhelm will be tried.

German territory must be ceded on all hands to surrounding allied nations.

Frontier of 1871 has to be restored.

She must renounce rights to all colonies.

Dismantling of Rhine fortresses demanded.

Assuming pre-war debts on ceded territory.

Allow unhindered transit in Germany.

Internationalize her rivers and give up control of the Rhine.

Germany must also pay to limit the cost of the war to all allied nations.

Further Riots Reported At Canadian Camp

Disturbances at Seaford in South of England, But no Loss of Life Reported

London. — The reports of disturbances recently in the Canadian camp at Seaford, turned out to be not so serious as those at Kinnel camp and so far as is known, no grave injury or loss of life occurred, but there has been considerable damage. The affair rose over minor camp grievances, chiefly in connection with the prohibition of week-end travel by a rule enforced 18 months ago in response to the government's urgent request to restrict railway traffic. There was apparently irritation also over other unimportant regulations, which culminated in regrettable disorder, the principal phase of which was an attack on the canteens and seizure of beer. The N.C.O.'s mess was wrecked but order was soon restored.

Headquarters officers are now visiting the camp and an enquiry is being made.

Spirit of Germany Has Not Changed

Berlin. — Maximilian Harden, editor of the Berlin *Die Zukunft*, writing on the peace treaty, says:

"The peace conditions are no harder than I expected. They were unpleasant to the great part of the people. But, could one really have expected them otherwise?"

"The Germans have not given very convincing mental guarantees during the six months since the revolution that they have changed their system. On the contrary, the present government and the press have used the same methods of incitement, the same trick and bluff as under the old rule of the petty nobility."

"The government proclamations and speeches are only bad copies of the Kaiser's time. The whole press resounds in protests and has started a campaign of incitement against the allies, couched in violent language. It is agitating for refusal to sign the treaty. All must know the allies, by keeping up the blockade and occupying the coal districts, can force Germany to sign whatever they want."

"The allies have threatened that Germany would join the Bolsheviks, but that would be suicidal. The only way to rescue the country is by openness and honesty. The revolution has been a great disappointment."

"Germany should have sent men who would have laid their cards on the table and got the allies to understand that some of the conditions were unacceptable. If Germany showed its good will to do what is in its power to comply with the allies' request, the allies would see that conditions were changed in favor of Germany, because they knew there must be a Germany and that it is impossible to destroy the German people."

Belgium Asks for Big Loan

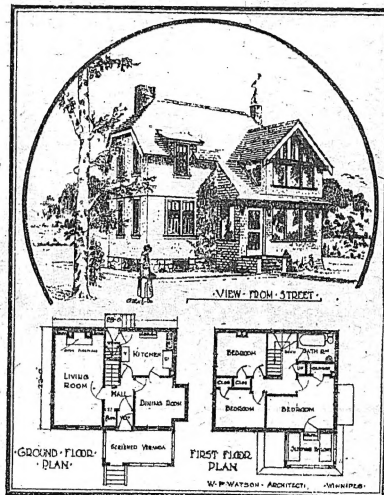

Without Such Aid the Country Will Be Lost

Brussels. — The Belgian government has decided to ask the allies for an immediate loan of \$500,000,000.

"Without such aid the country will be lost," said M. Jasper, minister of economics, to the Associated Press.

"This loan will be secured by German indemnities. It will not suffice for Belgium to receive a priority indemnity to the extent of half a billion dollars. This sum will not be forthcoming for a couple of years, and it is impossible for Belgium to hold out that long."

Desirable Six-Room House

It is not necessary that the small inexpensive home should be unattractive as to exterior or incomplete and inconvenient in the interior.

The design shown herewith demonstrates those two facts absolutely.

A glance at the perspective and the reader instinctively thinks of an expensive home, but look at the floor plans and it will be seen that the house is only twenty-two feet by twenty-eight feet. The expensive effect is due to the fact that the lines

of this house are architecturally good and naturally the architectural proportioning is correct.

The large living room with its open fireplace is laid out so that furniture may be placed to display itself to advantage.

Notice you will be drawn to the secluded screened veranda and the sleeping balcony. Height is obtained for the sleeping balcony ceiling by the steps from the room floor level to the floor of the balcony. This is an altogether to be desired small home.

Talk of Anarchy Heard in Germany

New York. — The Associated Press has issued the following:

Feeling apparently is running high in Germany over what is termed the severity of the peace terms, and a review of the opinion in Berlin says that the people are discussing the consequences of a possible refusal to sign the treaty. "Rather anarchy than slavery," is the remark heard on all sides, the review declares.

One newspaper credits Herr Giesberts, a member of the German delegation at Versailles, as asserting that the only immediate solution is a peace with Russia and the employment of Bolshevik troops by Germany.

Meanwhile, the German peace delegation at Versailles continues its formidable task of digesting the peace terms handed to it by Premier Clemenceau. According to reports originating from a high British source in Paris, the delegates are divided in their views on the drastic conditions laid down.

Berlin. — The parliamentary leaders of all factions, who are in Berlin to attend committee meetings, admit

that they were stunned by the severity of the proposed peace terms. Beyond casual comment, however, they declined to discuss the content's conditions or details or to forecast the assembly's probable attitude.

A leading member of the Independent Socialists declared the peace offered was wholly dictatorial, and that its revision was possible only through a world revolution. The people, though fairly stricken dumb by the peace terms, are now recovering sufficiently to utter their opinion and will not sign the compact, no matter what comes.

Strikes are increasing and Bolshevikism and the Spartacist uprising of the past two months have, if anything, made Germany immune to the possible horrors which are to be anticipated if they are again plunged into war, according to the best opinion here.

There exists a small group of Germans, chiefly Conservatives, who prefer to see the entente occupy the whole country rather than to have it, Bolsheviks, but they are in the dwindling minority.

U.F.A. CORNER

We gladly reserve this Corner for the use of the U.F.A. in the hope that it may be of some benefit to the farmer.

The following letters speaks for themselves

Editor Chinook Advance

It is none too soon for all of us to begin in earnest, if we have not already done so, the study of the 'Farmers' Platform—a new national policy for Canada, as adopted by the Canadian Council of Agriculture at Winnipeg, on November 29, 1918.

This is the platform of the Farmers' Organizations of Alberta, Saskatchewan, Ontario, British Columbia and New Brunswick. It is the platform of our U.F.A. and U.F.W.A. organizations of this constituency. For these reasons we cannot make ourselves too familiar with it. I am to-day sending for 1000 copies. I shall be pleased to send one or more of them to all who care to have them. In the meantime I am going to ask you to publish the platform in full. Too much publicity cannot be given to it. And to all let me say, study it carefully. Do not be satisfied with reading it once or twice. Always have a copy of it handy for reference. Discuss it with your neighbors and in your U.F.A. and other meetings. Write articles to your local paper regarding it. Make this study part of your business. The day for intelligent political action on the part of the farmers has come. Ten more conventions for the purpose of discussing political action, similar to the convention held in Medicine Hat a short time ago, will be held in the various federal constituencies during the next few weeks.

These conventions are being called by the central office in accordance with the resolution passed by the annual convention and upon requests of 10% or more of the locals in each constituency. In most cases considerably more than the necessary 10 per cent of requests have been received. And it is very significant that of the replies to questionnaires recently sent out only two replies have been received from locals which are opposed to taking political action.

Similar conditions prevail in the other provinces. The farmers of Ontario are thoroughly aroused. Organization is proceeding apace. They own and publish their own newspaper, The Farmers' Sun, at Toronto. They have two members in the provincial house, elected at recent by-election, and they purpose having candidates in many of the federal constituencies at next dominion election. Farmers' candidates will be placed in the field for most of the constituencies in Saskatchewan and Manitoba. There is no reason why the Western provinces should not elect a farmers' candidate in each rural constituency. The aim of the farmer should not be simply the securing of the balance of power in the dominion house. We must control the government. To accomplish this we shall have the support of labor and of a large body of the returned soldiers. While the details of a working agreement have not yet been arranged and may take some time to arrange. There is no doubt but that in time it will come, and for the present both labor and returned soldiers will find more to appeal to them in our platform

than in the platform of the old political parties.

I am enclosing a copy of our Platform which I shall ask you to publish as soon as time and space will allow.

I may say that I have not as yet received any articles from others for publication in this department of your paper, but hope to receive some soon.

Yours truly,

LORNE PROUDFOOT,

Wanted, 100 farmers to join the U.F.A. local at Chinook. Get behind this new farmers' political movement. It is your movement and its success in this district will be just what you make it. Shall you lag behind and not do your part, and make it so that our district cannot do its part. I see by a recent report in the Grain Growers-Guide, that a local of 100 members was organized in the southern part of this constituency, at Manyberries, a short time ago. They purpose having 200 members by the fall. We can do the same, and better, if we go about it.

Your help is needed. Would you rather pay hundreds of dollars extra in the future as you have been doing in the past, by reason of unjust tariff and other laws, knowing all the while, that you are being shamefully exploited—would rather do this than spend a little time and money now in remedying this state of affairs so that you may have the satisfaction of knowing that you have secured your rights and have helped your fellow man to do the same.

Remember the U.F.A. meeting night at Chinook. Every third Saturday in the month, and at 8:30 sharp, in the Chinook school. The one great question that is always before us is "How can the evils and injustices in our present economic and political system be corrected, and a safe and sane system of democratic government established." Shall we do it as they are doing it in Russia? "Shall we fight or foster Bolshevism?" is the topic of discussion at our next meeting. Come prepared to tell us how you would do it. Come prepared to help in every way. Ladies welcome. A U.F.W.A. organization must be started shortly. Everyone must help. One after another of the independent thinkers of the country are lining up in support of our platform—the platform of the Canadian Council of Agriculture. The Rev. Salem Bland, one of the leading men in the Methodist church, is very outspoken in favor of this new movement. So are many of the ministers of that church, if one can judge from resolutions passed at some of their recent conferences. Ministers of other churches are the same. Quite recently an Anglican minister in Toronto spoke strongly in support of it. Why? The spirit of the new movement is nearer the spirit of truth and Christianity than anything else that has been. It is the gospel of a fair deal. Are you going to support it? Or are you going to sit idly by, or line up with the old political party you have done in the past?

LORNE PROUDFOOT

Belgium May Refuse to Sign

Will Not Accept Terms Council Decide to Impose

Brussels.—Extremely strong measures relative to Belgium's demands at the peace conference have been decided upon by the Belgian government, according to the Soir.

"Belgium will not accept the terms of the council of three decide to impose on her," the newspaper says. "She will demand a complete fulfillment of the promise contained in the decision addressed to her by France, Great Britain, Italy and Japan, and that expressed in the seventh of President Wilson's fourteen points, which will refuse to sign any peace treaty which does not restore Belgium to political and economic independence, and does not entirely indemnify her for damage sustained during the war."

Poles Drive Back Reds

Wish to Protect Inhabitants Against Invasion

Paris.—Polish forces have driven the Bolsheviks from Vilna, are marching on Minsk, according to information given the Temps, by M. Wasilewski, former Polish foreign minister. In connection with the Polish operations in Lithuania the former minister said that the Polish diet had voted the following declaration:

"The Polish ministry activity in Lithuania is not meant for the purpose of anticipating the decisions of the peace conference or to annex territory to Poland against the will of the inhabitants. Its only purpose is to protect the inhabitants against invasion."

The liberation of white Russia and Lithuania, M. Wasilewski added, would put an end to Bolshevik plans to invade Poland through these territories.

Observer Lands On Mule

Forced to Drop When Attacked by Combat Plane

An observer, attached to the first army had been up for several hours making notes on enemy infantry operations when he was suddenly attacked by a single seat combat plane, says the May Popular Mechanics Magazine. The balloon crew on the ground immediately began to haul the big gas bag down, but the observer was running no chance and took to his parachute. This drifted well back of the lines and deposited him in the midst of a number of grazing army mules, and right astride one mule. The mule, not taking kindly to the sudden load forced on him, began to rear and plunge, starting quite a commotion among the herd, and the observer was rescued with difficulty from his precarious position.

War Gratuity For Aviators

Paris.—All soldiers or aviators of the United States and Canada who have served in and were discharged from the Royal Flying Corps or the Royal Air Force, Canada, before November 11, 1918, and who had more than six months' pay service, are instructed, according to an announcement made at headquarters, to make claim on the paymaster here in order that any war gratuity due them may be paid.

Airmen discharged for misconduct or irregular enlistment, or with less than six months' pay service are not required to make claims.

A form will be sent by the paymaster to airmen making application and upon its return completed, a cheque for any amount found to be due will be forwarded.

Exchanges Workers for Prisoners

Paris.—The German prisoners who have been retained in France under the armistice conditions, will be returned to Germany by the terms of the peace treaty, according to the Temps. In exchange, Germany will pledge herself to send to France a specified number of skilled artisans and laborers, who will be employed in the task of reconstruction in the devastated districts.

Major amputations, meaning the loss of arm, leg, foot, hand or two or more fingers, number 3,034 in the entire army. Of these men 2,308 lost a leg or an arm. Probably a general impression would be that the number was much greater. The army surgeons must have shown much skill in saving badly shattered limbs.

British in Asia Minor

London.—It is said, as a precaution against possible massacres of Christians, British troops have occupied Sam Sun, Maras, Amman, Tokala and Sivas, towns on the southern shore of the Black sea in Asia Minor and in the hinterland.

W. N. U. 1263

Australians are Honored

London.—Five thousand Australian troops, under command of Lieut. General Sir John Monash, celebrated Anzac Day on Saturday by a march through the main thoroughfares of the west end of the city. It was a beautiful spring day, and the trim appearance of the troops evoked the admiration of the great crowds.

The Prince of Wales, representing the king, took the salute outside Australia House, the commonwealth's imposing administrative headquarters in the Strand. A squadron of large airplanes escorted the troops, who were subsequently entertained at luncheon and attended special theatrical performances.

Locomotive Efficiency

British Turn Out Locomotives For Every Purpose

It sometimes happens that an invention pioneered in one country is taken up by another and developed more rapidly and successfully than in its original home. This did not occur, however, with the invention which created the modern industrial steam engine. Both in the stationary form and in the locomotive British engineers have never lost the lead which the genius of Watt and Stephenson gave them. For speed and efficiency the performances of the modern British locomotives are unsurpassed. During the war British railways carried an enormously increased traffic although hundreds of locomotives were sent to France, and some even as far as Mesopotamia, for military transport purposes. In France and Flanders, moreover, hundreds of miles of light railways were constructed and equipped for locomotive and rolling stock factories in Britain.

New types of engine were rapidly evolved for this unusual form of transport; and Sir Douglas Haig has testified to the remarkable efficiency of the locomotives and other equipment turned out in large quantities at short notice. The success of the British locomotive works in this phase of military engineering is due in great measure to the fact that for many years they have been turning out locomotives for every variety of special purpose—mines, quarries, docks, plantations, factories and so on—in every part of the world. The experience they have gained during the war will be therefore of positive assistance in solving the transport problems of countries overseas. Moreover, the war has increased their productive capacity and encouraged the adoption of means for achieving a more rapid output of locomotives with steel and other metals of the highest grade and machined within the finest limits of precision.

Russian Reds Losing Ground

Paris.—Dr. Fridtjof Nansen's plan for the neutrals to supply food to Moscow and Petrograd is apparently making little headway. As yet he has been unable to communicate with Nikolai Lenin, the Bolshevik premier of Russia, and the opposition to the plan among the Russians here at representatives of the anti-Bolshevik governments and in the French press is becoming more pronounced.

The defeat of the Bolsheviks at Kiev, in the Archangel sector, on the Baltic front and along the two branches of the trans-Siberian railroad, is regarded by Nicholas Tschakovsky, head of the provisional government of northern Russia, as proof that transportation facilities are failing the Bolsheviks and that they are no longer able to shift their armies quickly enough to meet attacks.

Socialists to Meet Conference

Amsterdam.—The international Socialist conference in session at Arnhem has adopted a resolution opposing any plan in contradiction to President Wilson's 14 points. In view of the unsuccessfulness by the decisions at the Paris conference, it is announced the Socialist organization will send its executive committee to Paris to demand an interview with the council of four and will insist upon the necessity of a solution in conformity with the decisions of the Berne conference.

Italy Gets Loan from U.S.

Washington.—Italy was given a new loan of \$50,000,000 by the treasury to cover a number of obligations incurred by the Italian government on contracts for war materials and foodstuffs from United States producers. The credit extension was the result of Italy's total borrowings from the United States to \$1,501,500,000.

Finnish 110 Miles Out of Petrograd

Helsingfors.—A national assembly has been formed at Olenetz, 110 miles northwest of Petrograd. The Finns have driven out the Bolsheviks. The town was captured, according to reports, by volunteer troops.

Things have reached the point now where anyone has to earn twice as much as he is worth in order to get half enough to live on.—Kingston.

War Munitions Stolen

Daring Raid at Collinstown Causes Grave Apprehension

Dublin.—The audacity of the raid for arms at Collinstown air-drome has aroused public opinion to the gravity of the situation here. None of the numerous events which have occurred throughout the country in the last few months has brought home with such force the danger which threatens. This is probably due to the fact that the raid took place within an hour's walk of the city and also to the importance of the capture.

Seventy or eighty rifles with adequate ammunition in the hands of men of the daring displayed by those who entered the air-drome and gagged the guards, cannot fail to make a deep impression. Obviously these men did not take the risk for nothing, and it requires little imagination to conjure up what they may do with the weapons.

The Irish Times points out that the raid was an even more audacious defiance of the law than any of the premonitory symptoms of the 1916 rebellion. It is recalled that recently men wearing the King's uniform have been murdered, that quantities of explosives have been seized in various parts of the country, that many raids for arms have taken place with considerable success, and that in no instance has anyone been made amenable. These facts, to which have now been added the daring exploit at Collinstown, are ominous in the extreme.

Proposals Threaten

Albania's Existence

Volpna Is Albanian Port Occupied by Italians

Paris.—The town of Volpna which President Wilson said should belong to Italy in his memorandum to Premier Orlando, made public here is not on the Dalmatian coast, but is an Albanian port now occupied by Italians. The Albanian delegation here is much exercised over this recommendation and says that a seizure of Volpna by Italy would start a movement which would threaten the dismemberment of Albania.

Premier Venizelos has based on Italy's possession of Volpna a claim on the Albanian islands for Greece, and the Serbians, encouraged by this action, are making proposals which are said to be threatening Albania's existence.

Would Do Their Best

Uncle Sam Hodge came down from the Kentucky mountains with his yearly produce to market. His team of oxen was somewhat weary with a long haul. He told Ben Brown, Sam's neighbor, that he had been asked to lead the city limits he was confronted with the sign: "Speed limit, fifteen miles an hour." He pulled his whistles and then drew out to his oxen. "Well, I know darn well we'll never make it, but we'll do our doggone best."

France Assures Italy of Friendship

Paris.—The continued friendship of France for Italy was expressed by President Poincare in a message to the Italian people sent through the association of France and Italy. The message said:

"Italy and France, as closely as in war, will remain united in peace; nothing will separate them. A breach in their friendship would be a catastrophe for Latin civilization and for humanity. France remains faithful to its engagements, its sympathies and its traditions."

Flume Wants to Be Annexed

Rome.—Further details of the meeting held in Flume recently show that the national council of the Adriatic city notified Premier Orlando that all the political powers, state and municipal, had been placed in the hands of General Graziosi, who was asked to exercise supreme authority in the name of King Victor Emmanuel. It was stated by this action, Flume intended officially to weld its annexation to Italy.

Canadians in Siberia

A return in parliament by the minister of militia, at the request of Mr. Tobin, shows that at the signing of the armistice, November 11, 1918, the number of Canadian fighting men who had proceeded to Siberia was 659. Of this number 493 were volunteers and 166 draftees under the M.S.A.

Held as Hostages

Copenhagen.—Hundreds of intellectuals are being arrested at Budapest, according to a Berlin dispatch to the Berlingske Tidende. It is reported that one of the people's commissaries has explained that they will be held as hostages and would "pay with their blood for every step the Rumanians take within the frontiers of Hungary."

Knighthood Will Be No More

Hereditary Titles in the Dominion Will Also Be Dealt With

Ottawa.—The discontinuance of the conferring of knightships on Canadians residing in Canada was decided upon by the special committee of the commons dealing with titles at a recent sitting. The matter of other distinctions will be considered at another meeting to be held this week. The committee also concurred in the recommendation decided upon favoring the abolition of hereditary titles. A proposed amendment by Dr. Cowan, of Regina, favoring the establishment of an academy of merit was held over for discussion at the next meeting of the committee.

A. R. McMaster made the motion in favor of the discontinuance of titles.

W. F. Cocksfoot in amendment, moved that the committee should find that while it did not favor the immediate discontinuance of titles, more discretion should be exercised in the granting of such honors by his majesty and his advisers in the future. The amendment was rejected on a vote of 20 to 3, and the McMaster motion declared carried.

Those who favored the amendment were Sir Herbert Ames, Dr. Michael Clark and the mover of the amendment.

The action of the committee applies only to knightships, both military and civilian. It means that if the recommendation is acted upon there will be no additional knightships granted for war service.

Italy Will Not

Make Further Move

Unless Allied Governments First Agree on United Proposal

Rome.—The Italian delegates to the peace conference met under the chairmanship of Premier Orlando to consider the situation. The meeting came after conferences the premier had had with the king and United States Ambassador Page.

The Giolitti d'Italia says that in political circles the meeting was considered to be very important. Although the Italian delegates maintain strict reserve, it seems conclusive that Italy will not make any further move unless the allied and associated governments first agree among themselves on a united proposal which likely would be acceptable to this country, harmonizing with the verdict of the Italian people made through parliament.

Looking for Oil

Calgary, Alta.—Five geological survey parties have started work for the Imperial Oil company in the field east and west of Edmonton, between the Rocky Mountains and Battleford, and including the Viking district. The parties that have now commenced operations for the season are headed by Messrs. Hopkins, Campbell, Chose, Emerick and Boggs, each of whom will conduct an investigation from a scientific standpoint. They have out-fitted in Edmonton and will carry on their work during the summer or until they find satisfactory indications of oil.

Where Pat Was

In a small village in Ireland the mother of a soldier met the village priest, who asked her if she had had bad news. "Sure, I have," she said. "Pat has been killed."

"Oh, I am very sorry," said the priest. "Did you receive word from the war office?"

"No," she said, "received word from home."

The priest looked perplexed, and said, "But how is that?"

"Sure," she said, "here is the letter; read it for yourself."

The letter said: "Dear Mother—I am now in the Holy Land."—The Argonaut.

Treaty Presented at Second Session

Versailles.—The first session of the peace congress will be held in the room now used by the supreme war council and will be devoted to a presentation of credentials. The text of the peace treaty will be presented by the Germans at the second session in the dining room of the Hotel Transilvania. This is a superb apartment, seventy-five feet square and having windows almost entirely around three sides, making it virtually a room enclosed in glass.

The delegates will proceed to the conference chamber through a marble corridor lined with mirrors on one side, and opening on the park from the other.

Offers Territory to Rumania

London.—The Hungarian communist government, a wireless message from Budapest says, has offered the Rumanian government territorial concessions and requested an immediate cessation of hostilities.

Shortage Of Farm Help

The Demand Is Far In Excess of the Supply

Regina.—Hon. Charles A. Dunning, minister in charge of the bureau of labor for the province of Saskatchewan, says that there will be a shortage of farm labor in the province this spring despite all the efforts of the department to bring in men.

"We realized over a month ago that there would be a shortage," said Mr. Dunning, "and decided that at least two thousand men would have to be brought in from other provinces if the demand was to be met. We immediately took up the question with the Dominion immigration officials, the central clearing houses of the various provincial employment offices throughout Canada, and have done all in our power to bring in men, but we find the demand far greater than the supply."

"We have made a special effort to secure men from British Columbia, as this is the season of the year when there is not such a heavy call for labor at the coast, and although it is always difficult to persuade men from British Columbia to come to the prairie provinces, we were fortunate in securing about 475 experienced farm hands from that province. Most of these men were directed to the farms, but a number were distributed from the provincial employment agencies at Saskatoon, Regina, Moose Jaw and other points."

"From Eastern Canada we were able to secure only about 350 men. We are hoping for a few hundred more from different sources although we cannot possibly secure enough men to satisfy the needs of the many districts which are reporting marked shortages of farm help."

Accepted Canadian

Amendment

Representatives Urged Their Views With Vigor Before Commission

Paris.—The new draft of the covenant is generally regarded as a great improvement upon that which was first presented. It is believed that the Canadian delegates pressed strongly for certain amendments, some of which are embodied in the new draft, while others were not accepted. The Canadian representatives urged their views with vigor both before the commission and at meetings of the plenipotentiaries. Their belief, however, is that the only great advantage to accrue from the constitution of the league is that it will bring to the world first hand discussions of world affairs. Through this understanding goodwill and co-operation in maintaining world peace will naturally follow.

Troops Leave Fiume

Geneva.—The battalion of British troops which occupied Fiume with the Italians after the armistice, left Fiume when the Italian delegates to the Peace conference left Paris, according to advices from Agram, capital of Croatia and Slavonia.

The reason for this action by the British is reported to be a desire to avoid friction with the Italian troops. The despatch adds that the Italians are reinforcing their troops in central Istria.

Bolsheviks Evacuate Petrograd

Helsingfors.—Petrograd is being evacuated by the Bolsheviks, reports from a reliable source say. Many of the inhabitants are being sent away and the Bolshevik government is taking rigorous measures to prevent the news of the happenings at Ottenetz from reaching the people.

London.—Along the Murmansk railway the Bolshevik troops, under allied pressure, have withdrawn to new positions thirty miles west of Petrozavodsk, on the western bank of Lake Onega.

Big Contracts For Ships

Montreal.—An important contract for the purchase of six steam trawlers and wooden drifters from the British Government has been closed by the Anderson Company of Canada, whose offices are here. The contract involves an amount of about \$10,000,000 and provides for the disposal of 60 steam (steel) trawlers and 89 wooden drifters, built in Canada for the British ministry of shipping and now at Halifax.

Censorship Over

Ottawa.—Press censorship under the direction of the press censor has ceased. The provisions of the war measures act and the orders in council and regulations made thereunder will still remain in effect, but responsibility for seeing that they are complied with will rest upon publishers, importers, distributors and persons having objectionable matter in their possession. All publications which have been placed under the censorship have will continue to be forbidden circulation in Canada.

May Use Airships To Reach Yukon

Prospectors Could Be Landed in Unexplored Regions With Supplies

The Dominion member for the Yukon, Dr. Thompson, has entered a strong appeal for the employment of airships of the British R-33 type for the development of communications with the Yukon. He points out that from Edmonton to Herschel Island, on the Arctic, would be only about twenty hours flight, at the rate the R-33 is expected to travel. From Edmonton to Dawson City would be only fifteen hours. "Since dirigibles of the R-33 type can fly from 30 to 60 tons, it should be possible to use them with advantage in transportation in the far north. There are airships that can carry several tons, but the distances they travel, at one flight, are comparatively short, and gasoline supply difficulties limit them to a moderate radius from their stations. The gas bag dirigible can stay aloft a week or two. At 70 or 80 miles an hour it can cross the Atlantic and return within a week. A German Zeppelin went from Bulgaria to German East Africa and back without landing. This is a longer trip than any that would be required in the far north. If suitable terminals were available at certain points in the Yukon, and perhaps at the mouth of the Mackenzie river, prospectors could be landed in the unexplored regions, with plenty of supplies, and communication kept up with them at periods. If, says the Toronto Mail and Empire in commenting on Dr. Thompson's suggestion, Canada has to wait until the growth of population, or the discovery of vast mineral riches, makes railroad extension advisable to these distant regions, it will wait a long time. It declares that the air is the natural medium of transport in this case, and urges Dr. Thompson to press his case. The development of the airship, following a successful trans-Atlantic flight, ought to bring this proposal into the arena of practical affairs."

Greeks Are Indignant

Italians Agitating for Italian Protectorate Over Albania

Saloniki.—The Italian government has closed all the Greek schools in Argirocastro, in north Epyros, and has sent 100 Italian school teachers there, according to information received by the Helios, a Greek newspaper. The Italians are also declared to be stirring up religious hatred by playing off the muslims against the Christians. The Italians are agitating for an Italian protectorate over Albania.

Saloniki.—The Italian government has closed all the Greek schools in Argirocastro, in north Epyros, and has sent 100 Italian school teachers there, according to information received by the Helios, a Greek newspaper. The Italians are also declared to be stirring up religious hatred by playing off the muslims against the Christians. The Italians are agitating for an Italian protectorate over Albania.

Land in Excellent Condition

Moose Jaw.—Seeding operations are general throughout the Battleford district. Information coming from all parts of the district agree that the land is in excellent condition for seeding, plenty of moisture being left in the ground by the snow. A considerable amount of it will be summer fallow during the present season, a result largely of the endeavor of the farmers during the war to crop the greatest possible area. Some difficulty has been experienced in some districts in respect to seed, but in practically all cases ways and means have been found to overcome the difficulty. A large acreage is being seeded to oats.

Reds Defeated in Munich

Copenhagen.—The Soviet government in Munich has been overthrown, according to reports in Berlin, says the Berlingske Tidende, the correspondent of the Berlingske Tidende.

The correspondent adds that government troops, in accordance with martial law, shot a number of members of the Red guard, who had been captured, while a mob attacked others of the captured Reds and tried to kill them.

The Best Method

It is difficult to conceive how any nation could improve upon the Australian system of dealing with the Bolsheviks, as outlined in recent dispatches from the Melbourne. Under the Australian system, which is simplicity itself, undesirable are not permitted to land in the country. This obviates the necessity of later getting rid of them.—Boston Monitor.

Conflicts in Bremen

Berlin.—Sanguinary conflicts have been numerous during the last few days in Bremen and the outlying districts due to Spartacist uprisings that President Ebert has added to the existing martial law regime extraordinary military courts to try persons charged with insurrectionary crimes.

If Your Food Ferments or Disagrees Just Read This!

Thousands of broken-down dependent dyspeptics have recently been given back their health.

These happy people don't proclaim it was a miracle that endowed them with a new lease of life—it was simply their common sense in selecting a tried and proven medicine, one specially adapted to their particular ailment.

All these splendid cures were effected by Dr. Hamilton's Pills which beyond all question have a strange power to restore a weak or ailing stomach.

If your stomach is tired and overworked try Dr. Hamilton's Pills, and note the prompt improvement. Pain before or after eating will disappear. You'll no longer have that nauseous, gassy, bad tasting sensation. You'll get a real vigorous appetite and digest what you eat. Let your well digested food be bound to increase your strength, to make you brighter and more ambitious. In a week you'll feel like a different person, in a month you'll be permanently restored.

For folks who are out of sorts, not feeling just up to the scratch, perhaps bothered with headaches or constipation, to them Dr. Hamilton's Pills will prove a boon.

Carmen's Messenger

—BY—
HAROLD BINDLOSS

WARD, LOCK & CO. LIMITED
London, Melbourne, and Toronto

(Continued)

"I did not send the telegram stating that I had found Lawrence."

"No," she said, smiling. "I know you didn't. But why do you wish to explain this?"

Foster hesitated. "To begin with, it would have looked as if I wanted to boast about keeping my promise and hint that you owed me something."

"But you were glad you were able to keep your promise?"

"Yes," said Foster, "very glad indeed."

Alice gave him a quick glance that thrilled him strangely. "Lawrence said for you what you would have liked to say yourself? One would imagine he knew your feelings."

"Yes," said Foster steadily. "I didn't tell him, but I think he did know."

He stopped and Alice looked down the table for a moment, then she looked up again and met his fixed gaze.

"After all, you would have liked to have my gratitude?"

There was something in her face that stirred his blood, and forgetting his drawbacks he made a reckless plunge.

"I wanted it tremendously, but it wasn't enough."

"Not enough! Aren't you rather hard to satisfy?" she asked with a hint of pride that deceived but did not stop him.

"I'm afraid I'm very rash," he answered quickly. "You see, I wanted your love; I wanted you. But I was afraid to ask."

She looked at him in a way he did not understand, although her manner enforced a curious restraint.

"Now I wonder..."

"You're so beautiful! I don't suppose you'd come down to my level. I'd nothing to offer."

"You have unselfishness, loyalty, unflinching steadfastness. Are these nothing?"

Foster felt embarrassed, but the sense of restraint was broken, and he must wait until she told it away. He thought she wanted him to finish.

"Then I knew my disadvantages. In many ways, Canada is a hard country, and I'm poor."

"Did you think that would count for very much? We are not rich at the Garth."

"I seemed to know that if by any chance you loved me you would not flinch. But there were other things; your upbringing and traditions. I couldn't hope your parents would agree."

Then Alice got up with a quiet grace he thought stately and stood facing him. There was a strange new softness in her eyes that had yet a hint of pride.

"I don't think I am unattractive, but it is my right to choose my husband for myself." She paused and his heart beat fast as he waited until she resumed. "The evening I came to the orchard I had chosen you."

He held out his hands with a low cry of triumph and she came to him. Next morning Foster saw Lawrence, who listened without surprise, and then remarked: "It would perhaps have been better if you had come to me before the matter went so far; but I can't lay much stress on this. The times are changing."

"I couldn't, sir. You see, until last night..."

Foster nodded. "Yes, of course! But all that's done with. I can't understand how the absurd notion came into my mind."

"Things did look suspicious," said Foster, smiling.

"Well," resumed Featherstone, "except for that ridiculous interval, I liked you from the beginning, as did my wife. Besides, it would be very hard for either of us to refuse you anything, and if Alice is satisfied—"

But there's another consideration: I understand from Lawrence that your business is not large, and although Miss Stephen wants him to extend it, this won't augment your share. Well, you understand why I must ask you to wait a year, until we see how you get on.

Foster, who had succeeded better than he expected, thanked him and agreed, and a few days later returned to the Crossings. The Featherstones were coming to stay there for a time, and business demanded his attention. He had long worked hard, but had now an object that spurred him to almost savage activity. He resented the loss of time when Lawrence was brought to trial and he had to attend the court. The man was sentenced for robbery, and Foster's evidence, although objected to by the defence, was sufficient to prove that Fred Hulton had no complicity in the theft.

A few weeks later, when Featherstone and his family were at the Crossings, Hulton sent for Foster.

"I suppose you don't want to sell the place," he asked.

"No," said Foster, "business looks pretty good."

Hulton made a sign of agreement. "That's so. I reckon you could do a bigger trade than you have the dollars to handle. However, I guess you and Featherstone mean to continue the partnership?"

"Yes," said Foster, quietly, "we stick together."

"Although he is going to marry a lady who will invest some money in business?"

"Yes, his friendship stands that test. It must be pretty sound. But I'd better state why I sent for you. Our trade is growing fast, and there's a risk of our running short of half-worked material. Well, if you won't sell your mill, you must enlarge it on a scale that will enable you to keep us going. Besides coping with your other orders, I'm open to supply the capital, and have thought out a rough proposition. Give him the papers, Percival."

The treasurer did so, and Foster studied the terms with keen satisfaction.

"If there's anything you don't agree to, you can indicate it," Hulton remarked.

Foster hesitated. "It's a very fair and liberal offer. But I wouldn't like to take it, so to speak, as a reward. You see, I didn't."

"Expect anything from me," Hulton suggested with dry amusement.

"You were acting for Featherstone, but were willing to do me a favor. Now, you can regard the thing as a plain business proposition. I get a number of advantages, besides good interest."

"Then I'll accept the main terms now, because I can't promise for Featherstone," Foster replied. "If any alteration's needed, we can talk about it afterwards."

He left the office with a thrill of satisfaction. With Hulton's help, he and Lawrence could extend their operations and control a very profitable trade. Featherstone had told him he must wait a year, but by this stroke of luck he had made good when only a year had elapsed. Still, it was a characteristic that he finished his day's work before he went to the hotel where the others were staying.

Featherstone frankly expressed his pleasure at the news, and afterwards Foster and Alice went out and stopped at the bridge on the outskirts of the town. There was a moon in the clear sky and the night was calm. The snow was crisp, but patches of uncovered wood, however, where it had melted off the bridge, and the southern slope of the river, bank was nearly bare. But in the stream, fissured ice drifted down the wide, dark channel; one felt that spring was coming.

Behind the town, sombre pines rolled back across the rocky wilderness; in the foreground, dazzling are lamps flung their blue reflections on the ice and the signs of progress. The mill ran far up in gleaming rows. Civilization had reached the spot and stopped for a time. The scene held sharp contrasts between man's noisy activities and the silent austerity of the wilds.

"It's a grim country," Foster said. "But one gets fond of it."

"Alice put her hand in his. 'I think I shall love it. I'm not afraid, Jake. There's something in the clear air and sunshine that makes one brave. Then it's virgin country; waiting for you and the others to make good use of it.'"

Foster nodded. "Something of a responsibility! Our efforts are crude yet and the signs of progress are far from beautiful, but we'll do better by and by. Well, I'm glad you're not scared. He paused for a moment with a smile of deep content. Today has banished my last anxiety. I'm a wonderfully lucky man!"

"Not altogether lucky, Jake. I think. Character counts for more than fortune, and you really are a success here. The stubbornness you showed in the border boys. I would have come sooner or later if you hadn't met Hulton."

"I'm doubtful," Foster answered. "What I meant to win was you; but in a way, that's wrong. If you had given yourself to me, it would have been impossible. Well, it has been a day of triumph, and now, if you are willing, we needn't wait very long."

Alice blushed and looked up with a shy smile.

"When you want me, Jake, I'll be ready."

THE END.

Eighteen million dollars. Victoria bond interest May 1, invested in W.S.S. will be \$22,500,000 in 1924.

Community Clubs

The Community Club movement is making good headway in the province of Manitoba under the able supervision of Mr. F. C. Middleton, organizer. A large number of clubs have been formed. Below we give copy of constitution, which gives an idea of how beneficial clubs can be to the community in which they are formed.

A general committee shall be elected composed of one or more representatives of the various organizations or sections represented in the club.

Standing committees, with conveners as above stated, and drawing two or more of their number from the general committee, may be appointed as follows:

1. Public Forum Committee—(a) To arrange for local debates and secure speakers from time to time who shall deal with public issues and matters of social welfare generally.

(b) To co-operate with the extension department of the agricultural college and the university.

(c) To encourage the formation, use and upkeep of a community library, using the schools as headquarters wherever feasible.

(d) To arrange for an annual address from the local member of parliament, preferably before the opening of the legislature.

Note—It is distinctly understood, that while contentious public issues may be discussed on their merits, the community club will not allow its forum to be used for the purpose of party propaganda.

2. Better Business Committee—This committee shall be composed of farmers and business men, and shall take under review the following:

(a) Local marketing conditions and possible improvements; good roads campaign.

(b) The wisdom of establishing a flour mill, a creamery, a market garden, or any other local enterprise.

(c) Better methods of buying and selling by the local merchants.

(d) Better methods of fire protection.

(e) Sympathetic co-operation, between the farmers and merchants of the community.

(f) Better credit facilities for farmers from local banks.

(g) Helping men on rented farms to become owners.

3. Young People's Committee—This committee shall be composed of those interested in young people's work:

(a) To co-operate with the churches in undertaking a definite program of activities through the Provincial Boy Scouts, the Manitoba boys' association, the rural Y.M.C.A. or the rural Y.W.C.A.

(b) To co-operate with the school board, in introducing manual training and domestic science classes in the public schools.

(c) To initiate when necessary action looking toward the organization of a consolidated school.

(d) To arrange, if necessary, separate meetings for the young people, especially "teen-age" boys and girls.

4. Public Health Committee—(a) To work in co-operation with the local health officer in encouraging the use of garbage barrels and regular removal of refuse.

(b) To see that the streets, lanes and vacant lots in the town are kept free from litter and rubbish.

(c) To encourage the use of a sewerage system for both town and country homes.

(d) To secure where necessary an improved water supply.

(e) To arrange for holding of lectures and exhibits, and the distribution of literature on child welfare and the care of the mentally defective, and to take action in any local cases needing attention.

(f) To initiate when necessary action looking toward the building of a municipal hospital, the employment of a district nurse, and the regular medical inspection of the schools.

(g) To boost the "Clean Up Week" each spring.

5. Recreation Committee—This committee shall have the general supervision of the play life of the community as follows:

(a) Making provision for skating and curling in winter, if possible securing a municipal rink.

(b) Providing baseball and basketball grounds, tennis courts and swimming pool for summer.

(c) Arranging for local presentation of dramatic plays and choral programs.

(d) Providing regular moving picture programs for the fall and winter months, in co-operation with the community department of the social service council.

(e) Arranging for soldiers' memorial.

(f) Arranging for an annual community picnic in June.

Special committees shall be appointed for any special tasks that may present themselves.

Regular public meetings of the club may be held weekly, fortnightly or monthly, as the club may from time to time decide.

The executive shall meet as often as required at the call of the president or secretary.

The annual meeting of members shall be held the first week in January to receive the annual report of the secretary, an audited statement from the treasurer and to elect officers for the ensuing year.

The club shall have for its motto, "Each for All and All for Each," and will seek to think together, work together and play together.

Suggested Order of Business—

1. Opening—Hymn and prayer; or national anthem; or simple "call to order" by the chair.

2. Reading of Minutes.

3. Business arising out of Minutes.

4. Reports of Committees:

(a) Public Forum Committee.

(b) Better Business Committee.

(c) Young People's Committee.

(d) Public Health Committee.

(e) Recreation Committee.

(f) Special Committees.

5. Call for local items of community interest:

(a) Community happenings.

(b) Community problems.

(c) Community tasks.

(d) Community clippings.

6. Program.

7. Closing.

SUNDAY SCHOOL LESSON

LESSON FOR MAY 18 — THE GRACE OF GOD

Grace means unmerited favor. God's grace means his kindness toward us through Jesus Christ (Eph. 2:7).

God's grace does not go out to men because they are good but because he is good and desires to bestow that goodness upon lost and ruined men in order to make them good.

1. The Grace of God is Salvation (Eph. 2:4-10).

Grace brings salvation; it does not send it. Jesus Christ, who is the embodiment of God's love and grace, came bringing salvation with him. In order to apprehend what the grace of God has done, observe:

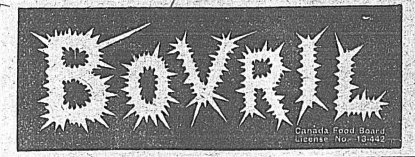

1. Man's natural state (Eph. 2:1-3). In the natural man is found all that is opposed to the will and purpose of God. (1) Dead in trespasses and sins (v. 1). The supreme need of the dead man is life, therefore he must have life from without himself. The characteristic of one who is dead is that he is (a) without sensation—"past feeling." (4:19). The natural man, therefore, can neither love God nor hate sin until he is made alive.

(b) Without motion. Activity is the demonstration of life. So far as God and holiness are concerned they are motionless. They are as helpless as Lazarus was in the grave. (2) Under the control of fleshly and worldly lusts (v. 2). The carnal nature holds sway over their lives. (3) Under the domination of Satan (v. 2). All unregenerate men and women are ruled by Satan. Since he is the god of this age (2 Cor. 4:4), the prince of this world (John 12:31) all who have not been freed by Christ are under the rule of Satan. (4) Under the condemnation and wrath of God (v. 3). Over all these—death, worldliness, disobedience, lust of the flesh—hangs the wrath and condemnation of God.

2. Man's state by grace (2:4-10). (1) He is alive in Christ (v. 5). The Holy Spirit has laid upon men dead in sin and quickens them into life. (2) Raised up with Christ (v. 6). God's grace not only makes lost men alive but raises them up with Christ. (3) Association with Christ in glory (v. 6). Christ's incarnation has so identified himself with the race that those who are saved are raised up to be with Christ and shall ultimately share his glory. The actuating principle of which moved him to thus lay hold upon lost men is his love (v. 4). Man's salvation is due entirely to God's grace. Not only the salvation but the consummation of God's faith which appropriates it is God's gift (v. 8). Works as grounds of salvation are absolutely excluded. (4) The purpose of God in the salvation of men (v. 7, 10). (a) It is to display his grace in the coming ages. The demonstration to the inhabitants of the spheres in which sin has not entered, in the ages to come, will be the transformation of dead and lost men and their exaltation with Christ. (b) to glorify God through their good works (v. 10; cf. Matt. 5:16). While good works have absolutely no part in the salvation of men God's purpose in saving them was that they might do good works.

2. The Grace of God in Right Living (Titus 2:11-14).

Grace is not only essential to salvation but essential to right living. It teaches saved men (1) to deny ungod-

Auto Top Dressing

A Special Dressing Adapted For Automobile Tops

This dressing is prepared from a combination of essential oils and gums, so blended as to impart a high gloss to the top that is soft and pliable, so that it may be folded up without danger of the finish cracking or chipping.

Once tried always used.
DOMESTIC SPECIALTY CO., Ltd.
HAMILTON, CANADA

liness (v. 12). The saved man has the divine nature. The grace which has saved him teaches him the necessity of a denial of everything that is opposed to God. (2) Worldly lusts (v. 12). The redeemed man is surrounded with the things of the world which have a downward pull upon him. The grace of God teaches him to renounce them. (3) Sober living (v. 12). The grace of God teaches the saved man self-control; to have the reins of his nature well in command and to rule with a strong hand. (4) Righteous living (v. 12). The grace of God teaches the saved man to live uprightly with reference to those about him. (5) Godly living (v. 12). It teaches him to so live in this present world as to enable him to meet God and abide in his fellowship. (6) It teaches the right motive in living (v. 13, 14). The blessed hope of the glorious return of the Lord Jesus Christ is the grand incentive to holy living in this present world. He that has will keep himself pure. (1 John 3:3).

"Black Watch" The Best Black Plug Chewing Tobacco on the Market

Will Develop Vancouver Harbor

Plans Include Up-to-date Unloading Equipment

Vancouver, B.C. — The announcement from Ottawa that the federal government would make an immediate grant of \$5,000,000 for harbor development here to be expended along the lines indicated in the report made to the government by Harbor Engineer Swan of Montreal, has been received with much gratification. Mr. Swan's recommendations called for an expenditure of over \$12,000,000 in all and included the construction of six additional deep water berths, a terminal railway connecting the different sections of the harbor, a fire boat, up-to-date loading equipment, a booming grounds for logs, and ultimately a bridge connecting the north and south shores of the harbor.

Sergeant McHoutan. — You were absent from the last drill, McWhist. Private McWhist — It was no my fault, sergeant. My wife took my kit and wore it out shoppin' for a new, fashionable walkin' skirt.

Build up for the Spring Attack! Put the body in condition for an invasion of the germs of grip, pneumonia or "Spring fever."

At this time of the year most people suffer from a condition often called Spring Fever. They feel tired, worn out, before the day is half thru. They may have frequent headaches and sometimes "pimply" or pale skin and white lips.

The reason for this is that during the wintering, shut up within doors, eating too much meat and too little green vegetables, one heaps fuel into the system which is not burned up and the clinkers remain to poison the system—a clogging up of the circulation—with inactive liver and kidneys. Time to put your house in order.

For an invigorating tonic which will clarify the blood, put new life in the body, sparkle to the eyes, and a wholesome skin, nothing does so well as an herbal extract made from Blood and Stone root, Oregon grape root and Wild Cherry bark, which has been sold for the past fifty years as Dr. Pierce's Golden Medical Discovery. By reason of the nerves feeding on the blood, when the blood is pure the nerves feel the effect, and neuralgia or other nerve pains disappear because such pain is the cry of the starved nerves for food.

Stratford, Ont.—"I can highly recommend Doctor Pierce's Golden Medical Discovery and Pleasant Pellets. I have used these remedies twenty-five years in my family. Had a very bad case of neuralgia and 'Golden Medical Discovery' completely cured me in a very short time. I have given it to all my family, also to my grand children. I had a grand-child last summer that we thought could not live. We gave him the 'Discovery' and he is strong and healthy as any child could be. I am a great believer in Doctor Pierce's Medicines and would not be without them."—Mrs. A. Dowling, 208 Railway Ave.

Stratford, Ont.—"For many years I suffered with neuralgia. It would affect my head, extending down into my neck and shoulders. I took Dr. Pierce's Golden Medical Discovery and was completely cured."—W. J. Tame, 272 Railway Avenue.

Norwegians are Good Citizens
Moose Jaw, Sask. — That the Norwegians in western Canada, of whom there are 34,960, present no language problem is the statement of O. K. Thompson, editor of Norden. He says that of these people only 711 are unable to speak and read English. He also states that the criminal record of these people is equally creditable.

YES! MAGICALLY!
CORN LIFT OUT
WITH FINGERS

You simply say to the drug store man, "Give me a quart of an ounce of freeze." This will cost very little but is sufficient to remove every hard or soft corn from your feet.
A few drops of this new ether compound applied directly upon a tender, aching corn, will relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers.
This new way to rid your feet of corns was introduced by a Cincinnati man, who says that, while freeze is sticky, it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.
Don't let father die of infection or lockjaw from whitening his corns, but clip this out and make him try it.

"Miss Hazel," said the Sunday school teacher to one of her sixteen pupils, "what are we to infer from the parable of the five wise and the five foolish virgins?"
"That we should always be on the lookout for the approach of the bridegroom," replied Miss Hazel.

An Always Ready Pill.—To those of regular habit medicine is of little concern, but the great majority of men are not of regular habit. The worry and care of business prevent it, and out of the irregularity of life comes dyspepsia, indigestion, liver and kidney troubles as a protest. The rundown system demands a corrective and there is none better than Parmelee's Vegetable Pills. They are similar in action to castor oil and can be taken by the most delicately constituted.

When a man gets into trouble the majority of those who call to sympathize with him are only after the particulars.

The average girl knows enough about photography to retouch her negative when she says "No."

SUCH comfort is possible only with an AutoStop Razor. Why the AutoStop in particular? Because, with the handy stropping device, there's always a sharp blade ready for use. A few turns on the strop re-aligns the saw-like edge that results from shaving; it keeps the blade free from rust, and gives you for each day's shave the keen edge of a new blade.

You do not need to take the blade out to sharpen it, nor do you have to take the AutoStop Razor apart to clean it.

Stropping, shaving and cleaning are all done without removing the blade from the razor.

Razor—strop—12 blades—\$5

Return of U. S. Troops

Washington.—Determination of President Wilson, as indicated in press dispatches from Paris, that the United States troops shall continue on German soil for a longer period after the signing of the peace treaty than may be necessary to embark them for home, is borne out by present plans of the war department, which contemplates the return of the entire United States expeditionary forces by September.

Nothing as Good for Asthma. Asthma remedies come and go but every year the sales of the original Dr. J. D. Kellogg's Asthma Remedy grow greater and greater. No further evidence could be asked of its remarkable merit. It relieves. It is always of the same unvarying quality which the sufferer from asthma learns to know. Do not suffer another attack but get this splendid remedy today.

Offer Terms to Rumanians
Hungarian Government—Requested Cessation of Hostilities.

London.—The Hungarian committee government, a wireless message from Budapest says, has offered the Rumanian government territorial concessions and requested an immediate cessation of hostilities.
The Hungarian war office statement on April 30, says that the Franco-Serbian, Rumanian and Czechoslovak forces continued their advance on Budapest, the Rumanians capturing Meotour, eighty miles southeast of Budapest.
The Hungarian government has also asked the Jugo-Slavs for a cessation of hostilities, offering territorial concessions.

The rooms in the house do not interest the burglar as much as the haul.

It never fails to relieve and cure promptly.
CHAS. WHOOTEN,
Port Mulgrave.

Settlers for Peace River
Edmonton, Alta. — Immigration officials are of opinion that the Peace River and Spirit River country is going to be thickly populated in the near future. Last week the number that passed through the Immigration officials' hands was 139, which was a little below that of the week before, but he expects larger numbers weekly into that section from now until the end of May.

You Can Be Cured of
Catarrh

The Pure Balsamic Essence of Catarrh Afford Surest and Quickest Cure

Catarrh is certain to cure because, its healing power is carried with the breath direct to the seat of the chest, nose or throat trouble. Being composed of the purest balsams and pine essences, it immediately allays irritations, facilitates the secretion of mucus, soothes and stimulates the lungs and bronchial tubes. The marvel of the cure is that it is what thousands say about Catarrh—there is nothing so sure to cure and to those in fear of changeable weather—those who easily catch cold—those who work among lung-filling surroundings, or where dust, impure air, fire, or damp can get them—they get Catarrh and cure it several times daily—it will cure every time.

Large size Catarrh, sufficient for two months' use, guaranteed, price, \$1.00; smaller size, 50¢; sample size, 25¢. Sold everywhere.

Talk is cheap, but somehow gossip always gains currency.

A pleasant medicine for children is Mother Graves' Worm Exterminator, and there is nothing better for driving worms from the system.

The greatest tea drinkers are the Australians, who consume about eight pounds per head of the population every year.

HOW'S THIS?
We offer \$100,000 for any case of catarrh that cannot be cured by HALL'S CATARRH MEDICINE.

HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System.
Sold by druggists for over forty years.

Price 75¢. Testimonials free. E. J. Cheney & Co., Toledo, Ohio.
Of course, we all believe it is better to give than to receive—until some one passes around the hat.

Ask for Minard's and take no other.
Small favors are always thankfully remembered, but often unthankfully remembered.

Prohibit Entry
Of Undesirables

Owing to Conditions Prevailing as a Result of War

Ottawa.—Until further orders immigration of Doughbours, Hutterites and Menonites is prohibited. An order in council to this effect was signed by the governor-general. It was passed under the provisions of the existing immigration act, which gives authority to this end.

The order in council recites that, "Owing to conditions prevailing as a result of the war, a widespread feeling exists throughout the Dominion, and more particularly in western Canada, that steps should be taken to prevent the entry into Canada of all persons who may be regarded as undesirable because, owing to their peculiar customs, habits, modes of living and methods of holding property, they are not likely to become readily assimilated or to assume the duties and responsibilities of Canadian citizenship within a reasonable time."

Hamilton Veteran
Tells His Friends

That Dodd's Kidney Pills Are the
Remedy for Kidney Ills

Mr. S. Hodges, Seventy Years Old, but Still Young, Tells Why He Knows Dodd's Kidney Pills Are Good.

Hamilton, Ont., May 12 (Special).—Convinced that Dodd's Kidney Pills are a sovereign remedy for kidney, Mr. S. Hodges, who lives at 68 Ontario Ave., this city, is recommending them to all his friends.
"I suffered from kidney disease for about four months," Mr. Hodges says. "It started from a cold, but I rapidly got worse, and cramps in the muscles, headache, heart fluttering and rheumatism were soon added to my troubles."
"My appetite was fitful and I felt heavy and sleepy after meals. I was very irritable and I perspired from the least exertion. I was often dizzy, suffered from vertigo, of breathlessness and it was difficult to collect my thoughts."

"Mr. Hodges, who is a painter by trade, and seventy years of age, shows the benefit he got from using Dodd's Kidney Pills. He only took two boxes, but with such good results that he says: 'I can recommend them to all who suffer from kidney trouble.'"

"Ask your neighbors about Dodd's Kidney Pills."

Many Veterans
Applied for Land

6,598 Applications Approved by
Qualification Committees
in Dominion

Ottawa.—Up till the 3rd of May, 6,598 applications for the benefits of the soldier land settlement provision had been approved by the qualification committees in the whole of the Dominion. The greatest number is in Alberta, where 1,134 applications have been approved by the Edmonton office and 767 by the Calgary office.

Saskatchewan shows 1,264; Manitoba, 1,535; British Columbia, 966.

In the east, the numbers approved in the various provinces are: Ontario, 426; Quebec, 115; New Brunswick, 189; Nova Scotia, 114; Prince Edward Island, 104.

The total number of applications received in all provinces is 9,849. Reports also show that 508 applicants have been recommended for agricultural training, and 143 have applied for, and are actually taking, training, either at the training centres or on farms of selected farmers.

New Zealanders
Doubt Japanese

Difficult to Discover: Why Japan Wanted Marshall Islands
Wellington, N.Z. — Sir J. Allen, acting premier, declared that he viewed developments in the Pacific with some alarm. It was difficult to discover why Japan wanted the Marshall Islands, unless she wished to dominate the Pacific. It was impossible to indicate New Zealand's naval policy until they received Admiral Jellicoe's advice. It would be insufficient, however, for New Zealand to pay a yearly subsidy. She must train men for the British navy.

Good Grounds
"But Mabel, on what grounds does your father object to me?"
"On any grounds within a mile of our house."—Houston Post.

Overstudy frequently makes men mad. An understudy often has a similar effect upon an actress.

Claims for Illegal Warfare

Ottawa.—Canadian claims for losses due to illegal methods of warfare employed by the Germans and their allies are discussed in a memorandum which has been prepared for the government, and the enemy claims of this nature amounting to approximately \$34,000 have been filed with the government here. The great bulk of Canadian claims for illegal warfare arise from shipping losses, states the memorandum, which has just been made public.

A woman's hair may be her crowning glory just now, but later it will be supplanted by her new Easter bonnet.

LEMONS WHITEN AND
BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of alcohol white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.
Just dip a cotton ball in the lotion and apply it to each part of the face, neck and hands. It is marvelous to smooth rough, red hands.

Canada's Best Place
Is In The Empire

General Currie Says That Is Where the Dominion's Future Lies

London.—General Currie, commander of the Canadian expeditionary corps, speaking at a Canadian day corps dinner, said: "I believe Canada will get everything in the future better inside of the British empire than outside. So we go home with a greater sense of nationalism than ever before. We have all been away from Canada many months and are all more or less unfamiliar with Canadian thought and sentiment. They are wondering what the thought and sentiment of Canadian soldiers will be. I can say it will be anything which is for the good of the country. Our men have lived a little closer to their Maker. Discipline is only a self-control which makes you do the right thing."

General Macdonnell remarked that Canada had given soldiers for an imperial military enterprise on an average every twenty years. "I don't know what is going to become of the older men who have thrown themselves in," he declared. "I go down and see the boats sail for Canada. I am glad to see them go, but I am very sorry to say 'Good-bye.'"

To Urge Construction of Line
Swift Current, Sask. — A delegation has been sent to Ottawa to interview the management of the Canadian National railways to urge the construction of the projected line from that city northwest to meet with the proposed government line from Hanna to Medicine Hat.

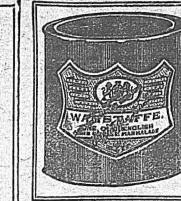

THIS WOMAN
SAVED FROM
AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis. — "As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be on my feet, and I was unable to do my housework. I had the best doctors in Black River Falls, and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. Boyce, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binner that has made this famous root and herb remedy a household word. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities of the blood, or about rest until she writes Lydia E. Pinkham Medicine Co., Lynn, Mass.

A man is seldom as black as he is painted or a woman as white as she is powdered.

For Biliousness

Biliousness is a common form of indigestion. It is brought on by food-waste which the stomach, intestines and bowels fail to expel. If you will take a few doses of Beecham's Pills, when bilious, you will soon rid yourself of the impurities, relieve sick headache, stimulate the liver and bile and tone the stomach. Healthy conditions are quickly re-established by using

BEECHAM'S PILLS

Directions of Special Value to Women are Given Every Box.
Prepared only by Thomas Beecham, St. Helena, Lancashire, England.
Sold everywhere in Canada and U.S.A. In boxes, 25 cents.

Soldiers Purchase Land
Moose Jaw, Sask. — Nine returned soldiers who enlisted from Regina and district and just recently returned from overseas, have started "back to the land" in the vicinity of Atwater.

The men, two of whom are Canadians by birth, one Australian, one American and five English, have purchased a half section each, paying on an average of \$27 per acre. They moved onto the land on April 19, each with an outfit of five horses and equipment in proportion. The farms are all improved ones and 100 acres are broken on each.

GENERAL DEBILITY
FOLLOWS INFLUENZA

Health Can Only Be Restored Through the Use of a Blood.

Debility is a loss of vitality not affecting any one part of the body particularly, but the system generally. It is dangerous because it reduces the body's resistance to disease. When debility follows acute diseases, convalescence is slow, and one's strength does not return as it should. An attack of influenza often results in debility that persists for months. Everybody recognizes that the remedy for debility is to build up the blood, because the blood goes to every part of the body, and any impurity in its condition is quickly felt throughout the system.

In cases of simple anaemia, or debility following acute diseases such as fevers or influenza, Dr. Williams' Pink Pills will be found valuable, because they really build up the blood and strengthen the nerves. There is no other medicine as valuable for growing children, and for men and women whose nervous energy has been overdrawn. They are worth a fair trial in every case where this blood and weak nerves have started the trouble. They are going into a decline. A friend advised the use of Dr. Williams' Pink Pills and after taking eight boxes she was again enjoying the best of health. Again last autumn Spanish influenza attacked our home, and after the acute symptoms were past, both myself and another daughter were left very much run down. My daughter was so weak that she could not walk to school and would tremble when she got upon her feet. I was so weak myself that I could not do my housework. Again we resorted to Dr. Williams' Pink Pills, and in each case we took five boxes, when we were as well as ever we had been. I never enjoyed better health than I am now doing, and am able again to do my housework. After our experience it is not possible for me to say too much in favor of Dr. Williams' Pink Pills.

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

Trouble in Hun Government
Conflict Between Erzberger and Head of Peace Delegation
Bern.—Serious differences have arisen between the members of the international German government, and a change may be expected shortly, according to telegrams from Berlin. The conflict between Matthias Erzberger, head of the armistice commission, and Count von Brockdorff-Rantzau, foreign minister and head of the peace delegation, is said to have reached the breaking point. Erzberger is declared, will do his utmost to make difficult the work of the foreign minister, whatever the attitude he adopts at the Versailles peace congress.
